**Here are just a few of many actual patient emails we have received about our facility and work.**

*After researching and meeting many Plastic Surgeons I found Dr. Moynihan to be the best without a doubt. Not only is he very skilled and personable but he goes the extra mile before and after surgery. I can only describe the results of my surgery as "perfect"*

*In June 2004, I turned 50 and treated myself to a wonderful birthday present. That month, I received a priceless gift thanks to the wonderful skills of Dr. Moynihan. To say that I was satisfied with Dr. Moynihan's work on my face would be such an understatement. The results of his surgery totally exceeded my expectation. The outcome was amazing and such a natural look. I can't say thanks enough!*  
~ GCPS patient

*I am delighted with the results of my surgery. Dr. Moynihan took as much time as I needed to discuss concerns before surgery and was incredibly supportive and available throughout my recovery. He called me everyday to follow-up and I had his cell phone number, should I need to talk with him! I just cannot say enough about Dr. Moynihan's knowledge, patience, integrity and his commitment to his patients' well-being.*

## **FACIAL PLASTIC SURGERY**

**CHIN AUGMENTATION** – helps to define the chin and adds balance to facial features

**EAR RE-SHAPING** - improves the shape and positioning and can also reduce the size of ears so they are in proportion to the rest of the face

**EYELID LIFT** - removes the excess fat and wrinkled, drooping skin of the upper and lower eyelids that can make a face look worn and tired

**FACELIFT & MINI-LIFT** - improves the overall appearance as it smoothes loose skin on the face and neck and tightens underlying tissues and removes excess fat

**BROW LIFT** - also known as a forehead lift, corrects the skin wrinkling and loss of tone that causes sagging of eyebrows and hooding of upper eyelids

**HAIR RESTORATION** – surgically fill in thinning areas and bald spots

**LIP AUGMENTATION** – increases the volume of lips for a fuller appearance

**MINIMALLY INVASIVE FACIAL REJUVENATION** – state-of-the art office procedures with no down time

**NECK LIPOSUCTION** - removes unwanted fatty tissue of the neck resulting in a more defined jawline

**NOSE RE-SHAPING / RHINOPLASTY** - reshapes the nose so that it complements other facial features

## **LASER SURGERY**

**SKIN RESURFACING** - provides significant and long-lasting improvement of sun-damaged, unevenly pigmented or coarsely wrinkled facial skin

## **FACIAL RECONSTRUCTIVE SURGERY**

**FACIAL SCARRING** – due to accidents, skin cancer, etc., can be minimized with surgery

## **COSMETIC PROCEDURES**

**BOTOX COSMETIC** – used to decrease the appearance of fine lines and wrinkles on the face and can also be used to reduce perspiration

**RESTYLANE, RADIESSE, SCULPTRA** – filler substances used to fill out areas of the face for a fresher, fuller and more youthful appearance

## **MEDICAL GRADE AT-HOME SKINCARE PRODUCTS**

GCPS offers several lines of high-quality skincare products for use at home and available only through physicians, to keep skin looking its freshest
